Dear Sonia,

Dear Friend.

It was a great honour to welcome you in Antwerp and to hear you talk about your family history. The next day, I received your moving e-mail about your feelings towards the city of Antwerp. You are – for me – the true face, the story and the worldwide image about Red Star Line. I think the stories about your family will make our museum a living experience, and will give a face to the migration history of the last century.

Hereby, I send you the newspapers that came out the day after your meeting with the press. They all brought a very nice story and very beautiful pictures.

I hope your trip to the US was enjoyable!
Looking forward to seeing you again soon in the future...

All the best,

*See you in Sarasota
in January.*

Philip

Philip Heylen
Vice Mayor for Culture and Tourism
